

## PARTS

## CORE LOSS TESTER REPLACEMENT CABLES

Accidents and normal wear-and-tear happens. When it does, LEXSECO makes replacing worn or broken parts easy. We offer a full line of genuine Factory Original Replacement Parts for your Core Loss Tester product. All of our replacement parts are made to the original equipment specification.

The standard cable lengths are 15 feet (4.6m) and 20 feet (6.1m) depending on the rating of the Core Loss Tester. Longer cables are available by special order in 5 foot (1.5m) increments. Call for availability and pricing.
